

DISCIPLEMAKER 201

Building a Culture of Men's Discipleship

What is DiscipleMaker 201?

Studies tell us that 90% of churches simply do not have an intentional plan to disciple their men. That's why No Regrets has developed a leadership cohort training that will help your team to create a unique plan to disciple the men God has given you. DiscipleMaker 201 training delivers the tools you need to develop leaders, multiply disciples, and launch a men's small group movement. As a result, men will be rooted in Jesus and released to live out God's call on their lives. Those results will be felt in the home, church, community, and world.

Why participate?

This cohort training will help you to launch, grow, and sustain a men's disciple making ministry in your church. With the online-cohort format, attendees will collaborate with top men's discipleship leaders to develop a custom, scalable, written, strategic ministry plan.

Who is this training for?

You should join this cohort training if you are just starting a ministry to the men of your church; or you have already developed a strong sense of community among the men in your church and your desire is to take that to the next level; or perhaps, your men's ministry needs a kick start to revitalize and grow.
